Note to U.S. Government Employees

A Work prepared by U.S. federal government employee as part of his/her official duties is called a "U.S. Government work", and is in the public domain in the United States; in such case, Paragraph A above applies only outside the United States. Please attach a copy of any applicable policy of the author's agency.

If the Work was prepared jointly, and any co-author is not a U.S. Government employee, it is not a U.S. Government work. That co-author should be delegated by the other co-authors to sign this Agreement. If the Work was not prepared as part of the employee's duties, it is not a U.S. Government work.

This signed statement should accompany the manuscript when it is submitted to the conference editor for publication.
